Bibles for China is continually propelled forward by the prayers of millions of Chinese believers whose heart's desire is to own their own Bible. Meeting this need by bringing Bibles (free of charge) to Christians living in the poor rural areas of China is the focus of Bibles for China.

There are approximately 1.3 Billion people in China, nearly one fifth of the world's population. It is estimated that there are over 100 million Christians in China and that as many as 30,000 more are coming to faith in Christ each day; most of whom will never be able to afford their own Bible.

Amity Press prints only the number of Bibles they believe will be purchased and distributed. They will print more if the demand changes. As you sponsor more Bibles and the demand increases, more Bibles will be printed and delivered.

\$5

LEGAL DISTRIBUTION

Because we are committed to operate openly and legally, Bibles for China is treated as a welcomed guest in China. We are permitted to verify the distribution of complete copies of God's Holy Word in many provinces with the assistance of the local authorities.

FREQUENTLY ASKED QUESTIONS

Are the Bibles complete and accurate?

Yes. In 1919, after seeing the need for a more accurate translation, a panel of many different Protestant denominations produced the Chinese "Union Version" translation. Often referred to as the "Missionary Bible," it is the most highly desired Bible among rural Chinese believers. It is also the most widely accepted version among Chinese believers worldwide.

How do you know the people actually receive the Bibles?

Bibles for China sends teams to ensure our Bibles are delivered to their intended destinations. We also personally verify their placement into the hands of the precious believers in rural China.

The Church in Rural China

The Church in rural China is very vibrant, but there is a significant shortage of Bibles. When the Word of God is read it will change lives.

One informal study completed after a Bible distribution event revealed:

- The Bibles were read (cover to cover) by some individuals in as little as six weeks.
- Each Bible is often shared with as many as five other people who read it cover to cover in the first year.
- For every Bible distributed, three additional people came to Jesus Christ as their Savior.

Bibles for China is headquartered in Tulsa, OK. In recent years, as China has reopened to the west, God has called Bibles for China to put His word into the hands of His people in economically depressed rural areas of China. You can touch rural China for Christ through your gifts and prayers. Together we can make a difference by openly and legally sharing God's Word with our Chinese brothers and sisters in Christ.
